Name _____

ID # _____

CHEMISTRY MINOR

(Grade of "C" or above)

PSC 111/111L General Chemistry I			PSC 112/112L General Chemistry II		
PSC 211/211L Organic Chemistry I			PSC 212/212L Organic Chemistry II		
PSC 312 Quantitative Analysis					

Select 1 of the following: ("C" or above)

PSC 450 Physical Chemistry I		PSC 451 Physical Chemistry II	
PSC 461 Instrumental Analysis		PSC 465 Advanced Inorganic Chemistry	
*BSB/PSC 467 Biochemistry		PSC 466 Advanced Organic Chemistry	
PSC 490 Special Topics in Physical Sciences			

*PSC 467/BSB 467 may not be counted for both the Chemistry minor/minor and Biology major/minor requirement.
NOTE: PS 107 and PSC 108 cannot be counted toward a major or minor in Chemistry

Total Hours Required: 23 or 24

Note: Only 50% of the credit hours for a minor may be double counted between the minor and the major or another minor. That means Biology majors need to take PSP 211/212 or PSP 213/214 to satisfy the Biology major in addition to taking PSC 211/212 to satisfy a Chemistry minor.
