

BLUESCHOLARS

Building Leadership, Understanding & Excellence

Congratulations on being accepted to Mississippi University for Women. You have been identified as a student who qualifies for the BLUE Scholars program. This program, being piloted during the fall 2016 and spring 2017 semesters, is selective. Only 20 students may participate. You show great potential and we believe that BLUE Scholars will assist in your first year experience here at MUW.

The BLUE Scholars program is a research-based learning community where students learn together but are also individually supported. In the fall the scholars share a block schedule of core classes. The spring schedule allows students to take core classes and courses related to their majors. Both the fall and spring schedules provide robust academic supports. Further, students also have opportunities for social interactions, including team and leadership building activities, with fellow BLUE scholars.

FALL 2016

	Monday	Tuesday	Wednesday	Thursday	Friday
9:00AM	HIS 101: History of Civilization I		HIS 101: History of Civilization I		HIS 101: History of Civilization I
