

An International Baccalaureate (IB) official transcript of grades must be sent to MUW to evaluate, award appropriate college credit, and articulate the specific college course satisfied by the IB exam, as noted in the chart below. Students may earn 3 to 14 credit hours, per subject, depending on the subject and score obtained on IB exams. Students presenting an IB diploma may receive a minimum of 24 course specific semester credit hours in the appropriate subject area. Students will not receive college credit for any subject area with an examination score lower than 4. The following are the Standard Level (SL) and Higher Level (HL) exams approved for course credit.
