A Tradition of Excellence for Women and Men

REQUEST FOR NON-DISCLOSURE OF DIRECTORY INFORMATION

I, _____, do not wish any directory information pertaining to my enrollment at Mississippi University for Women released to any individuals outside the University without my written permission. Designated directory information at Mississippi University for Women includes the following: the student's name, address, email, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities, dates of University enrollment, degrees received, honors and awards earned, most recent educational agency attended, and other similar information.

Students may withhold directory information by notifying the Registrar in writing; please note that such withholding requests are binding for all information to all parties other than for educational purposes. So, please consider very carefully the consequences of any decision by you to withhold directory information. Such designation will call for Mississippi University for Women to not release any directory information; any future requests for such information from non-institutional persons or organizations will be refused.

Note: Please be advised that once you have filed for non-disclosure of directory information, this block will permanently remain on your record until you request (in writing) that it be removed. You should be aware that there can be negative consequences to blocking access to all directory information (i.e., we will not be able to confirm your degree to a prospective employer, print your name in the commencement program, publish honors or degrees earned, etc.).

I understand the consequences for this request for non-disclosure.
