Receive the legal support you need.

If you're planning for the future or thinking that it may be time to draft a will, we have resources to support you. Depending on your situation, you may or may not need to hire a lawyer to prepare a will.

Legal consultation and attorney referral

TELUS Health can refer you to a local licensed attorney for a free, 30-minute telephonic consultation. If you require legal representation and retain an attorney from our network, you may be eligible to receive a discount off retainer fees.

Document preparation and legal library

A free online tool that provides valuable information and guidance on drafting legal forms and an easy-to-browse legal library with hundreds of articles, answers to FAQs, and legal information are available.

Online will preparation

A free, user-friendly and secure web service that guides you through the essential steps to generate a legal will. Simply login to the app, and access Legal Services under the Life tab to get started.
