

STUDENT HEALTH AGREEMENT

HEALTH INSURANCE AGREEMENT

It is Mississippi University for Women's policy that nonimmigrant international students must have health insurance to be enrolled at MUW. International students must purchase an insurance plan independently from the university. Proof of insurance coverage must be submitted to the Office of International Programs within one week of each term starting.

IMMUNIZATION/X-RAY REQUIREMENT

It is obligatory that all international students submit records of 2 vaccinations for MMR (measles, mumps, and rubella) a chest xray, and a tuberculosis shot. X-rays cost \$75 and must be done in the United States along with the tuberculosis shot. Translated records may be submitted prior to registration, though the Office of International Programs must receive all documents within two weeks of registration.

I agree to the policies/requirements mentioned above.
