

Sonya Kovalevsky High School Mathematics Day

This program is in honor of Sonya Kovalevsky, an outstanding 19th century mathematician and the first woman to receive a doctoral degree in mathematics. It is a one-day event with mathematics activities organized for high school girls and their teachers (male or female). The purpose is to encourage young women to continue their study of mathematics and prepare for possible careers in mathematics-related fields.

Sonya Kovalevsky High School Mathematics Day

October 3, 2022

The **W** Mississippi University
for Women
A Tradition of Excellence for Women and Men

Sonya Kovalevsky High School Mathematics Day

Join us on the campus of Mississippi University for Women (MUW) for the Sonya Kovalevsky High School Mathematics Day. The event includes a mathematics competition exam and mathematics workshops for **high school girls** and their teachers.

The program begins at 8:30 a.m. and ends at 2:30 p.m. Registered participants may check in between 8:00 a.m. and 8:30 a.m. in the lobby of Parkinson Hall on the MUW Campus. Note: it is often very cool in our building, so plan appropriately.

Prizes will be awarded to the individuals with the highest scores in the mathematics competition exam, including MUW scholarships awardable to first-time full-time freshmen.

You do not want to miss this exciting event, so make plans to attend! A registration form and a schedule of events are provided on the following pages, and can also be found online at: www.muw.edu/as/scimath/activities/kovalevsky

Please complete the form and return it by **September 26th**, either as an email attachment or by U.S. mail.
