Science and Mathematics

Proposal to Modify MA 212 Discrete Mathematics

Dr. Dorothy Kerzel is proposing that we change the number MA 212 to MA 312, thus making this an upper level course that will better serve the mathematics majors. There will be no need for another faculty member; Dr. Kerzel can teach this course as well as some others.

Rex Bruington requested that Calculus be put in both semesters. Dr. Kerzel said it was her desire to do that. It was tried this semester but there were not enough students to make the course.

Education & Human Sciences

Proposal to Modify ED 302 Art & Science of Teaching

Proposal to Modify Elementary Education Curriculum

Dr. Barbara Moore proposed that ED 300 would not be a prerequisite for ED 302. The proposed changes do not change the content of the course.
