University Archives Inventory

Record Group Number: UR001.05

Title: James Walter Strobel Presidential Records

Date: 1929-1989

Bulk Date: 1973-1980

Extent: 38 boxes and 1 document box

Creator: James Strobel

Administrative/Biographical Notes: James Walter Strobel was the 13th President of Mississippi University for Women, serving from 1977-1988. He was born in 1932 and grew up in Wintersville, Ohio. He received his A.B. in Botany from Ohio University and Ph.D. in Plant Pathology from Washington State University. He was on faculty and in the administration at the University of Florida, then then chair of the Department of Horticulture at North Carolina State University before coming to MUW.

During the Strobel Administration, the Cromwell Communications Center and the Plymouth Bluff center opened, and the Faculty Club was rechristened as Grossnickle Hall. Several new awards were created, including the Faculty Member of the Year Award, the Medal of Excellence, and the Alumnae Achievement Award. In addition, the Centennial Scholarship program was developed in 1980. Assessment of faculty members was improved, with student evaluations being read by department chairs for the first time. The Mississippi Governor's School began in 1981.

Strobel's tenure coincides with one of the most tumultuous periods in the university's history. IHL radically diminished MUW's graduate programs in 1981, cutting programs in English, History, Speech, Speech Pathology, Fine Arts, Business, Physical Education, Social Science, and Nutrition. The strong, steady growth of the Hogarth years came to an end, as enrollment dipped 33% by 1981. In 1982, the Joe Hogan case was decided by the United States Supreme Court compelling the university to admit male students, which triggered an outcry from students and alumnae and a long struggle within the university to reorient its mission and identity, as well as a series of closure and merger attempts by the Board of Trustees for two decades afterwards.

Strobel resigned in 1988 after spending much of his last few years in Jackson parrying attacks on the school from the legislature and IHL.

Scope and Content Notes: The vast majority of the Strobel record group dates to 1977-1980. It appears the archives may have received most of all of his records from this period, but the collection trails off in

1981 for reasons unknown, with only a few folders dating after 1983. From the 1977-1981 the records cover all aspects of the office, but during later periods the collection mainly includes clippings, congratulatory or holiday correspondence, and official publications. In addition, this is some material that predates Strobel's time at MUW that his office likely pulled from inactive records of previous presidents and other administrators.

System of Arrangement: Arrangement of this collection itself dates to the 1980s, and is incomplete. Many of the records have a chronological and then alphabetical by subject arrangement, but this breaks down in some boxes, and it is unclear if it was the original arrangement lost by later consultation, or imposed by the archives.

Conditions Governing Access: Most of this collection is open for research. There are a small number of materials that are restricted due to the existence of confidential student information.

Conditions Governing Reproduction and Use: All unpublished materials are protected by copyright held by Mississippi University for Women. Permission to publish or reproduce must be requested in writing to the University Archivist. Published materials may also be protected by copyright, and the user must locate and request permission from copyright holder to publish or reproduce.

Language: English

Finding aids: The accession record in the binder "Museum Accession Records" contains a detailed but incomplete list of contents.

Appraisal/Destruction: This collection is slated for permanent retention.

Accruals: No accruals are expected, but some records may be stored in university storage units south of Cromwell.

Related Archival Materials: Some records appear to have been pulled from Charles Hogarth's records.

Description Control: Pieschel, Bridget Smith, and Stephen Robert Pieschel. *Loyal Daughters: One Hundred Years at MUW 1884-1984*. Jackson: University Press of Mississippi, 1984.

Description based on DACS 2nd Edition. Access points based on Library of Congress Subject Headings and Name Authority File. Finding aid created by Derek Webb, 2016.
