

NEW MS Summer Institute 2025

APPLICATION

NEW Leadership® Mississippi (NEW MS) is a statewide public leadership training program at the Center for Women's Research and Public Policy (CWRPP)—a unit of Mississippi

University for Women (The W)—that furthers The W's mission to advance women's education and leadership development. The non-partisan, six-day program is designed to educate, empower, and encourage the state's undergraduate students to become politically active and to lead in public service.

During the NEW MS Summer Institute, students will meet women working in politics in the state (including many elected officials), learn about women in politics and Mississippi politics, and develop and practice leadership skills through panel discussions, workshops, and hands-on projects. Participants earn two college credits in women's studies or political science (POL/ WS 365 Mississippi Women in Politics) that may be transferred to the institution they attend. After the summer institute, participants become part of NEW Leadership's national network of distinguished alumni.

Eligibility Requirements

NEW Leadership® Mississippi is open to undergraduate students enrolled in any Mississippi college or university and Mississippi residents enrolled out-of-state. We are committed to diversity in terms of race, ethnicity, socioeconomic background, political ideology, and sexual orientation. We strongly encourage applications from any student who is committed to women's political participation and leadership.

Selection Criteria

The application process is competitive and all applications received by April 1 will be given full consideration by the NEW MS Admissions Committee, which is composed of the program director and faculty advisors. Each year, the Committee selects students with the intent of creating a class of individuals who represent diverse backgrounds and experiences and who demonstrate both leadership potential and a passion for increasing women's political representation in the state.

Four primary criteria guide the competitive selection process:

- Individual leadership potential;
- Special interests, unique characteristics and/or diverse experiences which contribute to NEW MS program objectives and learning goals;
- Interest in politics, public service, or public policy; and
- Articulated or demonstrated commitment to the goal of increasing women's political representation and leadership.

Student Commitment

Each year, the Admissions Committee is forced to reject applicants because of limited space. In completing this application, you are making a commitment to attend the Summer Institute if accepted. In the event of an emergency that prevents your attendance, you should notify the program director, Dr. Chanley Rainey (newleadership@muw.edu) as soon as possible to increase the chances that someone on the waitlist can be invited.

All NEW Leadership® Mississippi participants must reside in the residence halls during the entire program and participate fully in all scheduled activities in order to receive credit in the associated course, POL/ WS 365 Mississippi Women in Politics.

In completing this application, you acknowledge that you are aware of these requirements and agree, if accepted, to make every effort to meet this commitment.
