

Shaping Mississippi's Healthcare System

DEVELOPING PRACTICE-READY GRADUATES FOR MISSISSIPPI

With the aging population of Mississippi and a critical shortage of healthcare providers, particularly in rural areas, producing highly qualified nurses who are ready for the rigors of practice and committed to serving Mississippians is our most important mandate.

*** Top 5%**

of nursing programs in the US*

*** #1 in MS**

in Best Nursing Program & RN-to-BSN*

*** 83% working in MS**

from our spring 2024 graduating class

*According to Niche & RegisteredNursing.com

The W combines hands-on learning with rigorous academic and clinical study to produce “practice-ready” professionals prepared to meet our state’s growing needs.

nurse's
favorite
nurse.**

Innovative Apprenticeships

Our longstanding partnerships with hospital systems like Baptist Memorial Hospital-Golden Triangle have allowed us to develop apprenticeship programs that contribute to early career readiness and guaranteed employment for participating students.

Awarded & Acclaimed

Students and graduates from our Nursing & Health Sciences programs have won prestigious awards such as the National Spirit of Nursing Award and the National Pfizer Advanced Practice Nurse Practitioner Award, elevating them among their peers as exemplary medical professionals.

Early Admission = Early Preparedness

Our recently announced BSN Freshmen Early Acceptance (FEA) Program will allow high achieving high school seniors to take concrete steps to prepare for a career in healthcare sooner and secure a spot in our competitive program.
