#### III. Review of Proposals:

##### A. COLLEGE OF ARTS AND SCIENCES

Proposal Presenter: Kristi DiClemente

##### • **HISTORY, POLITICAL SCIENCE, & GEOGRAPHY**

1. Create a new course (and add it to the Enlight Core Curriculum) – HIS 111: African American History
2. Modify an Existing Curriculum – American Studies minor

Create HIS 111 Introduction to African American History to provide a survey-level course in this important area of study. Note the department's request to add this new course as an option in the

Humanities and Fine Arts section of the Enlight Core Curriculum.

Modify the American Studies minor curriculum to provide greater flexibility for students by moving several courses out of the History, Society, and Culture sections of the curriculum into a new Electives section.

Discussion was made about the electives section, specifically in regards to the statement, “at least two must be 299 or above” in the modify existing curriculum proposal and no course listed being at a 299 level. Dr. DiClemente suggested revising the statement to “300 or above” for continuity and clarity.

Tracee Watkins made the motion to approve the proposals above with the revised wording of “300 or above” in the modify existing curriculum proposal. April Greenway seconded the motion with the revised wording of “300 or above” in the modify existing curriculum proposal and the proposals were approved unanimously.

#### B. STUDENT SUCCESS CENTER AND ACADEMIC AFFAIRS

Proposal Presenter: Clear Moore and Kim Whitehead

1. Create a New Course – UN 300: Leadership Development for Orientation Leaders
2. Create a New Course – UN 302: Orientation Leader Internship
3. Create a New Course – UN 310: Community-Engaged Internship

Changing the orientation leader courses from LDR courses to UN courses connects them to the QEP and clarifies their connection to the orientation leaders.

UN 310 started out due to the Nancy Yates Fellowship and has now been expanded to include various other community service internships, which is why the course load varies from 1-6 hours.

Jonathon Hooks made the motion to approve the proposals above. Rachael Damms seconded the motion and the proposals were approved unanimously.
